**Attachments:** Draft Building Data Initial Evaluation Report.pdf

Dear Lyndsey,

I know you just got back, and you're about to go to the conference. So you probably don't want to take on anything new. But just in case you're interested, here's what's going on below. If you want to look at the bldg falsification draft rpt, I'd appreciate your input!

Lily

Thank you to the entire team for the hard work on the draft workplan! Whew!

Next priority for EPA is the draft Buildings Rad Data Eval Rpt, since that is necessary for transfer of Parcel G, the next scheduled one. I have attached the Navy's draft to this email.

I created a new folder in OneDrive called "Bldgs Rad Data Eval Comments" and I will send all of you an invitation to share that. I put the Navy draft into that. In case you need these, I also want to remind you that for reference, on the OneDrive "Share Forms" folder (where the Navy loads their files) is also the Bldg FSSR's. Here is a link to that:

[https://usepa-my.sharepoint.com/:f:/r/personal/lee\\_lily\\_epa\\_gov/Documents/Share%20Forms/SUPRs%20Buildings?csf=1&e=uZzwQ3](https://usepa-my.sharepoint.com/:f:/r/personal/lee_lily_epa_gov/Documents/Share%20Forms/SUPRs%20Buildings?csf=1&e=uZzwQ3)

And here is a direct link to the folder with all the RACRs:

[https://usepa-my.sharepoint.com/:f:/r/personal/lee\\_lily\\_epa\\_gov/Documents/Share%20Forms/RACRs?csf=1&e=NmgokT](https://usepa-my.sharepoint.com/:f:/r/personal/lee_lily_epa_gov/Documents/Share%20Forms/RACRs?csf=1&e=NmgokT)

I have authorized EPA's consultants Karla, Jana, and Donna to be able to talk with any of you in my absence for up to 30 min about whatever technical issues may arise. Just leave me a quick email afterward about anything I should know that you discussed. They are aiming to get their draft comments done by Mon 4/23. We can talk about those on our regular internal weekly call that day.

I will be in Taiwan/China 4/2-4/13, returning 4/16 to office. In my absence, if you need anything, you can contact my supervisor John Chesnutt at [chesnutt.john@epa.gov](mailto:chesnutt.john@epa.gov) or 415-972-3005. He is very familiar with all the rad major issues. If any new or interesting developments come up, I'm sure he would appreciate getting the alert right away.

He's out 1<sup>st</sup> wk of April. You can also contact Judy Huang, who is the RPM for non-rad Hunters Pt issues, and she is my backup overall. She is at [huang.judy@epa.gov](mailto:huang.judy@epa.gov) or 415-972-3681.
